

## EMPTYING A URINARY DRAINAGE BAG

Carefully **wash** and **dry** your hands with a **paper towel**. **Discard** the paper towel.

Put on **disposable gloves**.

Place a **container** under the **drainage bag**.

**Remove** the **drain** and point it into the container.

**Release** the **clamp** on the drain and **empty** the bag.

When the drainage bag is empty, close and replace the drain.

**Check** that the catheter and tubes are in place.

Discard the urine down the toilet and **clean** the container with liquid **soap** and water.

Remove the gloves and discard them.

Carefully wash and dry your hands with a paper towel. Discard the paper towel.

(to) wash	laver
